[A letter from one S.K. Yundt to Robert Clark, of the U.S. Mint, Philadelphia, is enclosed, asking "how many 1804 dollars were struck off in the mint."]

[As Chapman is knowledgeable on the subject, Clark has asked him to respond to Yundt's letter.]

Thus, 2 letters, 2 dates, 1 envelope.

My Dear Robt.:—

Can you tell me to decide an argument, how many 1804 silver dollars were struck off in the mint? Were any of these dollars coined in 1804, or in a later time? If not too much trouble, wish you would look it up.

Thanking you in advance, I am,
